

# Cadillac Ranch

written by Chuck Jones and Chris Waters

C  
Well the well went dry and the cow  
did too  
Daddy didn't know what to do  
The banker came by the house one  
day  
Said he's gonna take the farm away

F  
Momma came up with a plan

C  
Brother and me started up a band

F  
Sister put a sign on the roof

G  
And Daddy bought a case of ninety-  
proof

[CHORUS]

F C  
Now we call it the Cadillac Ranch  
G C  
they're parking cars in the old feed  
patch

F  
There's a bar in the barn and the  
C F  
place stays packed

N/C C  
Till the cows come home at the  
G C  
Cadillac Ranch

C  
Now the only thing that we raise is  
cane  
You don't need the sun and rain  
Just neon lights and some ice cold  
beer

Keeps everything real around here

F  
Momma take the cash at the door

C  
Brother and me keep 'em out on the  
floor

F  
Sister sets them up at the bar

G  
And Daddy kicks back with a big  
cigar

[REPEAT CHORUS]

[BRIDGE]

F  
Well we gave all the cows away

C  
Now the only horns around here  
today

F  
Are the ones up on the grill

G  
Of a genuine '59 Coupe Deville

[REPEAT CHORUS]
