North to Alaska

Songwriters: Russell Faith / Peter De Angelis / Robert P. Marcucci

[C] Way up north (north to Alaska)
Way up [G7] north (north to Alaska)
[C] North to Alaska, we go [G7] north, the rush is [C] on
North to Alaska, we go [G7] north, the rush is [C] on

Big Sam left Seattle in the [G7] year of ninety [C] two.
With [F] George Pratt, his partner, and brother Billy, [C] too
They [F] crossed the Yukon River and found the Bonanza [C] gold
Below that old white mountain, just a [G7] little Southeast of [C] Nome
Sam crossed the Majestic mountains to the [G7] valleys far be [C] low
He [F] talked to his team of Huskies as he mushed on through the [C] snow
With the [F] northern lights a-runnin' wild in the Land of the Midnight [C] Sun
Yes, Sam McCord was a mighty man in the [G7] year of ninety [C] one.

Where the river is windin', big [F] nuggets they're findin'
[C] North to Alaska, we go [G7] north, the rush is [C] on
[C] Way up north (north to Alaska)
Way up [G7] north (north to Alaska)
[C] North to Alaska, we go [G7] north, the rush is [C] on
North to Alaska, we go [G7] north, the rush is [C] on

George turned to Sam with his [G7] gold in his [C] hand
Said, [F] "Sam, you're lookin' at a lonely, lonely [C] man
I'd [F] trade all the gold that's buried in this [C] land
For one small band of gold to place on [G7] sweet little Jenny's [C] hand
'Cause a man needs a woman to [G7] love him all the [C] time
Re [F] member, Sam, a true love is so hard to [C] find
I'd [F] build, for my Jenny, a honeymoon [C] home
Below that old white mountain, just a little [G7] Southeast of [C] Nome"

Where the river is windin', big f nuggets they're findin'
[C] North to Alaska, we go [G7] north, the rush is [C] on
[C] Way up north (north to Alaska)
Way up [G7] north (north to Alaska)
[C] North to Alaska, go [G7] north, the rush is [C] on
North to Alaska, go [G7] north, the rush is [C] on
Way up north (north to Alaska)
Way up [G7] north (north to Alaska)
Way up [C] north (north to Alaska)
Way up [G7] north (north to Alaska) [FADE OUT]
